

The 33 participants included representatives of MedWet and SPP/PCNA as well as selected experts affiliated to a number of organisations (e.g. UNESCO, Ministère de l'Agriculture et du Développement Rural of Algeria, Skocjan Caves Park, Croatian Ministry of Culture, Greek National Agricultural Research Foundation, Lagoon Ecology and Aquaculture Laboratory of Orbetello, Ramsar CWG) and from 17 Mediterranean countries (i.e. Albania, Bosnia and Herzegovina, Croatia, France, Greece, Italy, Morocco, Slovenia, Tunisia, Turkey, etc).

The work carried out in selected Mediterranean sites was presented in the Pan-Mediterranean workshop and incorporated in the project's major publication.
